

INVERTER

General Series is an ISO 9001:2015 certified company and the company is working as Inverter 600VA - 5000VA in India. These inverters assure us high performance, low maintenance, longer working life. Manufactured by experienced engineers, these inverters come with auto start on and stop features. Portable in size, these inverters are ideal solutions for power cuts at homes, offices, clinics, restaurants and other places.

SILENT FEATURES:

- Auto start & stop function
- Portable in Construction

	Technical Specification	Inverter
	Technology	DSP based PWM technology
	Input Voltage (Wide Range)	120 V ~ 280 V AC
	Input Voltage (Normal Range)	180 V ~ 260 V AC
	Output Voltage on Mains	Same as input
	Output Voltage on Battery	220v \pm 8% AC
	Battery Charging Current	8A \pm 1A to 11A+1A (Can be adjusted according to requirement)
	Protection	Protection Against Short Circuit and Overload of 125% for 5 Sec.
	Recommended Battery	100 AH to 180 AH
	Auto Reset Features	Available

Inverter of other voltage range/ capacity are also available as per customer requirement.
